Children's Sport Declaration

Through sport we can cheer for life ethics, make friends and try to reach our dreams.
We use all our sport, we cheer, we smile, regardless of language, age or disability.
Sport brings us and makes us see in each other.
Sport has the power to bring people together, improve communication skills, and create strength.
Sport helps us make a whole new world of friends and teaches us how to help each other.
Sport can help us by helping us learn life lessons and keep healthy.
Sport can change our lives, increase our confidence and knowledge.

If we want to achieve something, we need to put in time and effort, but together we can change the world.
We declare that we understand the value of sport, we will let everyone know and we will create a better world through sport.
